

Anderson Antonio Parmigiani Bermudez

Valencia, Venezuela · [linkedin.com/in/anderson-parmigiani](https://www.linkedin.com/in/anderson-parmigiani) · [portfolio](#) · +58 4124060843 · anderson7804@gmail.com

Computer Engineer and CompTIA certified IT professional (Security+, Network+, A+) with a versatile background in System Administration and Full Stack Development.

I specialize in bridging the gap between hardware infrastructure and software applications. My experience in technical support has honed my troubleshooting skills, while my engineering degree and development knowledge allow me to approach IT operations with a focus on automation, efficiency, and security.

EXPERIENCE

Plexus Tech

Tech support specialist

Madrid, Spain

October 2023–November 2024

- Management of products (Anblick, Quenda and Quenda Medic) incidents, via chats, emails and calls, using Salesforce Remedyforce as the ticketing system. Performance above average by more than 95%.
- Develop scripts with python for workstations and servers using Windows and Linux, for remote diagnosis, inventory and automated application of changes.

PC Actual

Microcomputer Technician

Valencia, Venezuela

March 2019–June 2019

- Advise, assemble, maintain, upgrade and repair microcomputer equipment.
- Install, configure, maintain and troubleshoot software and networks.
